What are Closed Lots?

Loyalty Rewards · https://en.wmmarkets.com/knowledge-base/loyalty-rewards/what-are-closed-lots/

"Closed Lots" refer to the total number of trading lots that have been fully executed and completed across all your trading accounts. This includes all buy and sell orders that have been successfully opened and closed. Your total Closed Lots play a crucial role in determining both your Loyalty Status and the number of loyalty points you earn.

Example:
If you close 10 lots in one account and 15 lots in another, your total Closed Lots would be 25. This combined total is used to calculate your Loyalty Status and points, ensuring that all your trading activities are factored into your rewards.

This cumulative approach ensures that every trade you make contributes to your progress within the WM Loyalty Program, maximizing your opportunities to earn and benefit.
