How do I change my leverage?

Trading · https://en.wmmarkets.com/knowledge-base/trading/how-do-i-change-my-leverage/

To change the leverage on your trading account, follow these steps:

1. Sign in to your Client Portal.

2. Click the “Leverage Change” tab from the navigation menu.

3. Select the leverage level you would like from the drop-down list.

4. Choose the trading account you want to update.

5. Click Submit to confirm your request.

Once processed, the new leverage setting will be applied to your account.
