What happens to my positions if I reach the stop out level?

Trading · https://en.wmmarkets.com/knowledge-base/trading/what-happens-to-my-positions-if-i-reach-the-stop-out-level/

If the account(s) is not supported with additional funds or has not increased equity by reducing open positions and has reached stop out level at margin level 20% or less, the company will automatically close positions at the current market price starting from the most unprofitable one. More information is available in 'Trading Conditions' under 'Legal Documents' on the Portal or on our website.
