Where can I find the expiration dates of the CFD instruments?

Trading · https://en.wmmarkets.com/knowledge-base/trading/where-can-i-find-the-expiration-dates-of-the-cfd-instruments/

You can find the expiration dates of CFD instruments in the “CFD-Calendar” section of the Product Outline document, available on our website.

In the same document, you will also see the first trading dates of new contracts, ensuring you have full visibility of contract lifecycles before trading.
